Assalamu'alaykum

Kindly be informed that your suggestion to enable access to UpToDate Database from out campus has been received.

At the moment, the trial access for UpToDate Database is allowed within the USMSecure (in campus only) via url: <http://www.uptodate.com> till 31st March 2016.

The library management is still waiting the approval from the university top management to proceed the subscription procedure. Once the subscription is approved, the link to UpToDate will be listed in EzProxy which means can be accessed anywhere by using your staff/student ID.

I am impressed with USM's decision to subscribe Uptodate.com

May I suggest enabling out campus access to Uptodate or if you have done so, please let me know the link.

Thanks
